REACH India - Story So Far

REACH India stands for Race, Ethnicity, and Cultural Heritage. Our aim is to actively promote the unification of Indian culture and heritage. We have two simple objectives:

1. First: To build and strengthen India's global image in our communities across the globe
2. Second: To raise awareness on Indian culture and history by actively checking and challenging any inaccurate information

REACH India was inceptioned on 7th Sept 2019 with a clean up of Our Indian HC in London, after it was attacked and vandalised twice by the Pakistan supporters post article 370 abrogation. A group of volunteers cleaned up the HC commission on that day and took a pledge to ensure interests of our BHARAT are always protected.

The First Step

2019 Diwali mela

- Mayor of London Sadiq Khan (who allowed the vandalism of HCI) was invited for the ritual mayor's speech
- During his speech, REACH members and later others too turned their back to the mayor during his entire speech
- A toddler group REACH taught that in civilised world protests can not be vandalism but a civilised way but more hard hitting.

By the time REACH took its first step, many legs joined up to give the strength of a muscled leg to move faster

Involvement in General Election-2019

REACH India got involved in the General elections in the UK in 2019. Labour started playing divisive politics including Kashmir matters. REACH India along-with Indian diaspora took a stance to support Conservative.

Ultimately Conservative won with a formidable majority and Boris Johnson became PM of

the UK and British Indians played a major role in this win.

I AM A BRITISH INDIAN AND I HAVE THESE PERSONAL QUESTIONS FOR YOU, MR LABOUR

1. Anti-India, anti-human rights resolution being put in the first place? Why?
2. We have been made to run, from pillar to post for this. Why?
3. Passing the resolution was broadcasted in front of whole world. Why?
4. Publishing Media reports now that they don't agree with it now. Why?
5. Misleading British Indians. Why?
6. People with divisive views, made MP candidates. Why?
7. JC taking U turn. Why?

Too many Why's? even before I touch on other policies which impact us all.

As British Indian, I am moving ahead and will vote for, where it counts most. 🙏

REACH India started Bharat Chapter

Indian parliament passed the CAA and NRC bill in Dec 2019. Leftists and Pakistani's started propagating false information about the bills and the effect could be seen in the UK. Protests were organised in front of Indian High Commission in London by opportunists and supported by Labour in the UK. REACH raised objections with Metropolitan police and got Indian diaspora involved and collectively avoided a repeat of 15-Aug-2019.

During this period REACH connected with like minded people in Bharat and started Bharat Chapter.

Over the Last few weeks you have heard
 and seen a lot about
CAA (Citizenship Amendment Act)
 Passed in Indian Parliament.
 Here are key facts which debunks the lies
 which is being spread against it.
JAI HIND !

Covid-19 - The Pandemic Strikes But REACH India Stands Tall

Covid-19 the Pandemic hit the entire world in 2020 and the UK went into lockdown in March 2020. REACH decided to contribute to the society positively and

- REACH started coordinating help for stranded Indians specially students
- REACH members started calling people in distress and assure them and make them feel secured both for requirements and emotionally
- REACH members devoted the first 2 months in activities purely to help situation of pandemic
- REACH members coming from different walks of life, started organising Yoga and meditation session, mathematics for kids, Vedic Maths, history classes for kids and all using REACH platform
- The lockdown period where most of the nation had stopped, REACH started helping the youngsters in particular to keep their mind occupied including Hindu Festivals Pujas.

India Here & India Now - Webinar Series

One way to connect with Indians across the world and ensure the correct Indian narrative sees daylight, REACH decided to start its webinar series - India Here & India Now.

REACH had its first Webinar with Shri Pushpendraji on the topic of "India Vs China". This was a massive hit.

Many more webinars followed and continues, covering wide topics such as Indian economy, Indo-British ties, Indian defence, Indo-Pak and India-China tensions, Bollywood drugs and wrong narration of history, Human Rights, Hinduism, Indian constitution to name a few with renowned panellists. Till now Reach India has conducted 12 webinars with the most famous TV personalities as shown.

REACH India Protests

REACH continued towards its objective of ensuring false narrative and any attack on Indian civilisation is tackled and objections raised.

REACH organised a protest against Amazon on selling items demeaning Indian Gods.
REACH also organised protests to not support the BLM movement with the slogan of Every Life Matters.
